

Infosys Campus Connect

CampusConnect is a unique academia-industry initiative to “architect the education experience”. Goal of this program is to build a sustainable partnership with engineering education institutions in India and abroad for mutual benefit; producing “industry ready” recruits. College has signed an MOU with Infosys in May 2004 to conduct Campus Connect Program for Engineering and MCA students.

The Campus Connect program has several program components weaved together to create synergy for effective, fast-paced learning; namely, Conclaves, Road Shows, Faculty Enablement Programs (FEP), Industrial visits through Spark, Sabbaticals, Foundation Programs, Soft Skills Capsule Roll-out, ACM ICPC programming contest for students, Aspirations2020, Inspire Faculty Contest series, Sponsored Events Webinars and Seminars.

SVECW has conducted several Conclaves, Road Shows, Industrial visits through Spark, webinars along with two academic offerings. They are

- Foundation Program V4.0
- Soft skills Program STAR 2.1.

Foundation Program: Campusconnect aims at evolving a model through which Infosys and Engineering Colleges can partner for competitiveness ,enhance the pool of highly capable talent for growth requirements in Information technology space. This courseware is used by Infosys to train entry level engineers.This is typically delivered as class room sessions coupled with extensive hands-on exercises and assignments.Typically the duration of FP 4.0 Rollout is 65 contact (typically classroom) hours with 55 lab hours for Hands-on within a span of 4-6 months. This Program is for final year and pre-final year students of All Branches of B.Tech and MCA.

Typically the FP course structure consists of three Focus Areas.

- Focus area 1: Object Oriented Programming (OOP) using Java: This course includes problem solving through Object Oriented approach and Implementation using Data Structures. It also gives OOP paradigm using basic Java as programming language
- Focus area 2: Relational Database Management Systems (RDBMS): This course introduces the basic concepts and terminology of RDBMS, explains database design using Entity Relationship (ER) modeling and Normalization, SQL commands.
- Focus area 3: Software Engineering and Introduction to UI and Web Technologies (SE & IUWT): This course introduces basic Software Engineering life cycle models such as Waterfall, Spiral, Prototype and Agile methodology and basic web technologies using Html, CSS and Java scripting technologies.

This courseware has been used by Infosys along with train entry level engineers.

Soft Skill Program

The Infosys Campus Connect Soft Skills Program (SS) aims to ensure a smooth transition of an entry level graduate from the academic to the corporate world. The primary focus is on enhancing communication and confidence, instilling the company values and facilitating gain of business awareness. Duration of SS Program is 3 – 4 weeks.

SS course Covers essential generic topics like

- Business English
- Business Communication Skills
- Inter and Intrapersonal and Interpersonal Relationship Skills
- Group Discussions, Interviews and Presentations
- Campus to company
- Entrepreneurship Development Skills

So far we have rolled-out Nine FP batches and three SS batches so far , one more FP batch is in progress and one SS batch is pipelined. Our College faculty is actively Conducting the FP and SS batches. In the recent Inspire Faculty Contest series Hyderabad DC region our team of faculty won a prize.

Infosys Campus Connect Foundation Program Batches Schedule& Certification details

SNo.	Batch No	Start date	End Date	Registered	Certified	Foundation Program(FP)
1	Batch-1 (FP2.0)	04/03/09	07/07/09	60	52	FP2.0
2	Batch-2 (FP3.0)	01/03/10	07/07/10	60	58	FP3.0
3	Batch-3 (FP3.0)	01/03/10	07/07/10	72	65	FP3.0
4	Batch-4 (FP3.0)	09/08/10	16/12/10	70	65	FP3.0
5	Batch-5 (FP3.0)	16/08/10	24/12/10	68	52	FP3.0
6	Batch-6 (FP3.0)	26/12/11	26/04/12	70	64	FP3.0
7	Batch-7 (FP3.1)	26/03/13	24/04/14	75	50	FP3.1
8	Batch-8 (FP4.0)	22/12/14	23/03/15	63	61	FP4.0
9	Batch-9 (FP4.0)	22/12/14	26/03/15	60	51	FP4.0

Infosys Campus Connect Softskills Batches Schedule& Certification details

SNo	Batch No	Start date	End Date	Registered	Certified	Batch Code
1	Batch-1(softskills2.0)	02/03/09	07/05/09	62	59	SS 2.0
2	Batch-2(Soft skills 3.1)	04/02/10	05/04/09	58	50	SS 3.1
3	Batch-3(Soft skills Star 2.0)	26/12/11	26/02/12	56	52	Star 2.0

Execution process

The campus connect SPOC at partner college should submit the FP Plan on portal for approval. After the FP batch plan is created and approved for execution and the students selection is done based on CAMP based pre test.

Based on the Pre test Students list is prepared and upload the student list in the portal.

Pre test->students selection->upload the batch plan ->conduct Course Work> Batch closure.

At every stage of assessment students may be eliminated based on their performance. After successful completion of course work the course closure is initiated.

After uploading assignment and assessment marks of all the courses and attendance report of the students in the portal, course is completed.

After reviewing the marks and course closure by Infosys campus connect DC Hyderabad certificates will be dispatched to the college.
