Workshop on Assistive Technology Solutions in Minutes

Day 1 Report

Prof. Therese, Ms. Wenasa and Ms. Emily of New Hampshire University, USA were received by Mrs. K. Padma Vasavi, Assoc. Dean/ATL at Gannavaram airport at 9.10AM. All of them reached Bhimavaram campus by 11.30 AM. Professor Therese and team were welcomed at the guest house by Dr. G. Srinivasa Rao Principal, SVECW, Dr. P. Srinivasa Raju, Vice Principal, SVECW and Dr. D. Suryanarayana Principal VIT.

Later Professor Therese and team carefully observed the tools and materials procured by us for making the projects in the workshop. Professor was immensely pleased to see the material procured by us especially the acrylic cutter and the blow torch.

Then Professor and team came to the auditorium to check the layout of the seating arrangement. They found the lay out to be suitable for organizing the workshop. Then, with the help of some of the student volunteers they placed the tools and materials required for the workshop on the work tables.

After all the arrangements are finished all the participants of the workshop assembled for the inaugural function. The inaugural function started at 1.00 PM sharp. All the dignitaries are invited on to the dais and after the customary prayer song and invoking of ceremonial lamp, Dr. D.
Suryanarayana Principal VIT gave his welcome note. Dr. G. Srinivasa Rao Principal SVECW explained the genesis of the workshop. Dr. Willkomm Therese explained the importance of the fabricating assistive technology solutions in minutes. Wenasa and Emily explained that they are very happy and eager to share their knowledge with our students and learn some things from our students. Dr. P. Srinivasa Raju Vice Principal SVECW and K. Srinivas, Vice Principal VIT, the HODs and Deans of the campus were also present on the occasion.

Then after a short lunch break the workshop session for the third year students commenced.
