

SHRI VISHNU ENGINEERING COLLEGE FOR WOMEN

SVECW Examination Portal

SVECW Examination Portal is being launched because a need for an Institution that is beneficial for both institutes and students. With this portal, the institute can host and upload the student results, notifications, timetables and also facilitates the online payment of examination fee, Students can view their results by entering their hall ticket number. This site is an attempt to remove the existing flaws in the manual system of results announcement.

This system is a web application that establishes a network between the institutes and the students. Institutes enter on the site as an Administrator to upload the relevant documents in either excel or PDF. Once published successfully, these are displayed on a web page to the students . Students have the facility to print the document on a paper.

Features of the System

1. Login system must be present and secured by password for admin
2. Ability to upload the Semester wise Results.
3. Could Update the Results with the previous one.
4. Getting the Consolidated results after all the examinations
5. Displaying of Notifications and examination timetables
6. Online examination fee payment
7. Admin Panel

Brief overview of the technology:

Security Service Level Agreement

HostingRaja.in is committed to providing a standard of excellence commensurate with the best practices in the industry of our Services. During the Term of the applicable Master's Agreement, the Services will be operational and available to the customer for a guaranteed time in any calendar year.

HostingRaja.in aims to achieve 99% Service Availability of its Services for all customers. In case of failure of HostingRaja.in to meet the guaranteed level of service, you will be eligible to receive the Service Credits as described below, with the credit being calculated on the basis of the monthly service charge for the affected Services:

<u>Service Availability</u>	<u>Credit Percentage</u>
99% to 100%	0%
95% to 99%	5%
90% to 94.9%	10%
90% below	25% or equivalent to 1/2 month refund

Retention & Backup Policy & Data Loss

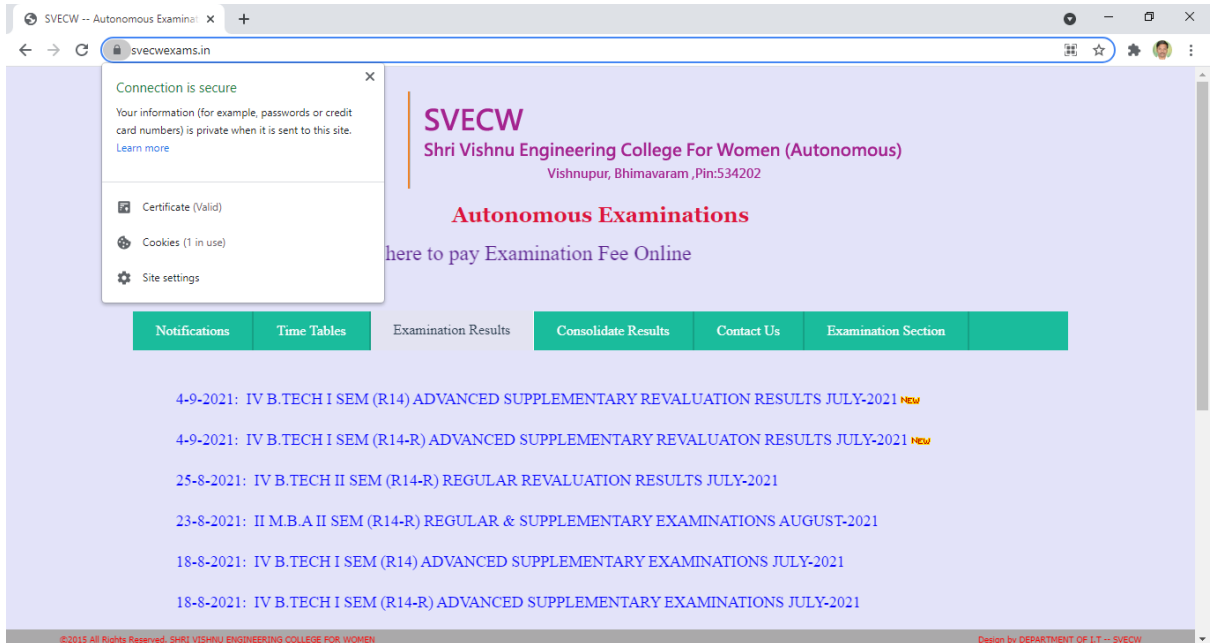

HostingRaja's backup service is provided to you as a courtesy. HostingRaja.in performs backups of shared servers; however, these backups are for HostingRaja's administrative purposes only. Customers are responsible for maintaining their own backups on their own personal computers or other third party backup service providers. We will do our best to ensure complete and accurate backups, but assume no responsibility for this duty. Always backup your site contents to your personal computer or third party server!

The system logs of the servers would be retained as a backup in our server for at least 1 (one) months from the date of its creation. And otherwise also, we may retain such information in our systems but for a limited period, which may help not only in complying with the laws of the land but also to make sure that we maintain enough backup of user accounts, which may either be required to be restored to the server in unforeseen circumstances or to make available the information to the enforcement agencies.

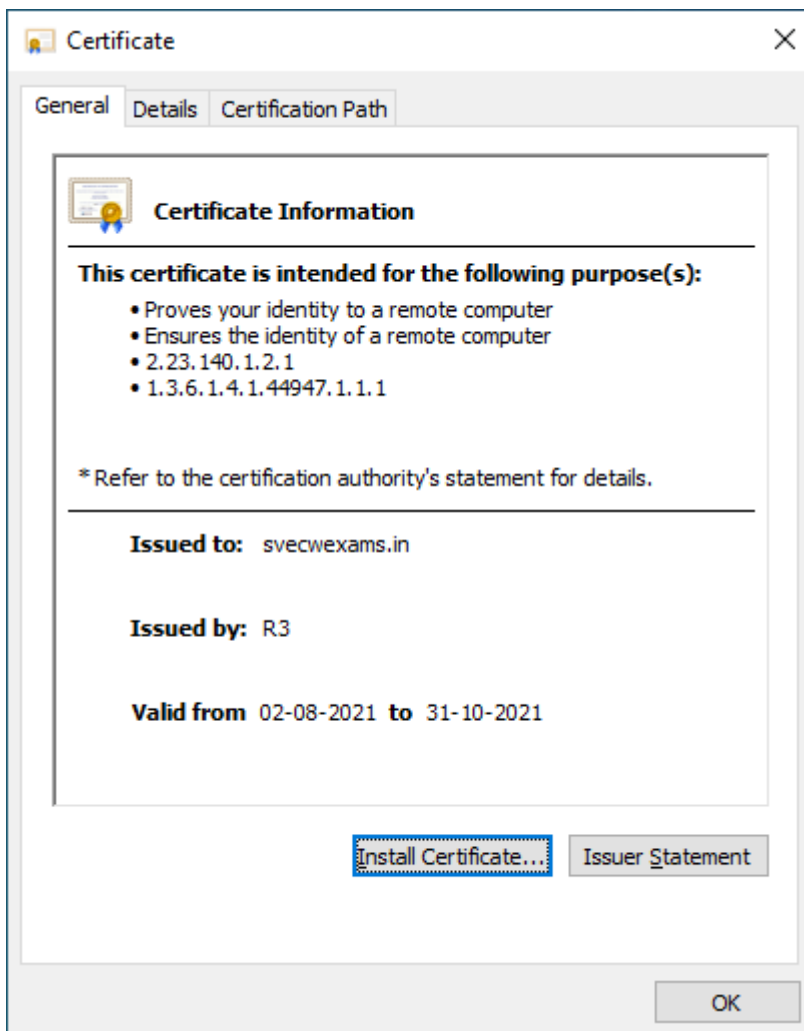

But in case of exceptional circumstances, it cannot be assured that we will always have at all times backup available with us. Further, you as a HostingRaja.in user agree that in no case, HostingRaja.in can be held responsible for the loss of data in any circumstances.
