 The involvement of Faculty and Students in Academic Affairs, Research & Development Activities, and Development of Projects to reach Societal Requirements is fully Extent.
  - Mechanism/ Norms and Procedure for democratic/ good Governance**  
 SVECW has a systematic, continuous nine step operating strategic planning process to identify the strategic objectives, strategic challenges, strategic advantages, long term goals (5 Years) with appropriate action plans by considering Institutional Vision, Mission and Values (VMV) as well as the feedbacks from internal and external stakeholders. This process also integrates the graduate attributes / POs / PSOs as a formal input given by the NBA and other statutory bodies. The consolidated institutional SWOT analysis through a structure approach is another input for the strategic planning process to ensure the agility.
  - Student Feedback on Institutional Governance/ Faculty performance**  
 The feedback from students is collected twice in a semester. Once, after the completion of first half of the syllabus and again after the completion of entire syllabus. All the students are asked to give their feedback course wise in a pre-designed format through online. This process of seeking feedback in the middle of the semester is yielding better results, the teachers have a chance of improving the methodology of teaching in cases where it is necessary.
- The institution has introduced the online feedback mechanism for the evaluation of individual teacher which is utilized for further.
- ✓ A standard procedure for feedback on facilities available in the institution is collected from the students once in an academic year.
  - ✓ The feedback format involving questionnaire which elicits information regarding all vital parameters and metrics related to class room, infrastructure, library, labs, canteen, playground, internet facility, etc.
  - ✓ The feedback thus collected is then analyzed and forwarded to the College Academic Committee where it is reviewed and corrective measures are taken to further improve the facilities.
- Grievance Redressal mechanism for Faculty, staff and students**

This committee is also empowered to look into matters of harassment. The objective of this committee is to develop a responsive and accountable attitude among all the students in order to maintain a harmonious educational atmosphere in the institute.
- ✓ **Grievance Committee-Faculty & Staff:** The objective of the Grievance committee is to develop a responsive and accountable attitude among all the staff in order to maintain a harmonious atmosphere in the institute. While dealing with the grievance the committee at all levels will observe law of natural justice and hear the complainant and concerned people. While passing an order on any Grievance at any level the relevant provisions of Act/Regulations should be kept in mind and no such order should be passed in contradiction of the same.
- **Establishment of Anti Ragging Committee**  
SVECW always believe that ragging is an uncivilized and inhuman practice. In this regard, SVECW formed an anti-ragging committee to ensure strict vigil in the campus. A series of measures have been devised and implemented from the inception of the college to rule out any incident of ragging to be attempted by senior students at any place inside the Campus. Having a fully residential campus, it enhances the responsibility and also empowers us with greater control over students. For making ragging non-gratis at SVECW, all stakeholders viz. management, faculty, students and employees are involved to create an environment where not only ragging cannot take place, but students do not even think of indulging in such actions. Anti-ragging committee members and anti-ragging squad always extend their support and cooperation to the students at any moment and ensure that SVECW is free from ragging.
