Department of English

Foreign Languages Training Program: 2024-2025

French:

Acquisition of French language enhances opportunities for engineering students by providing access to research, collaborations, and job opportunities in French-speaking industries, fostering a global perspective and communication skills crucial in the international engineering landscape. With this intent, SVECW introduced French Basic Level, a sixty hours course in 2012.

To ensure high-quality training in the French language, experienced trainers were invited to guide the students. The training covered four sections, including I CSE-A, CSE-B, IT-A, and IT-B. The trainers, Mr. Ravinder Singh and Dr. Chandan, from *Global Language Solutions*, Chennai, brought their expertise and experience to the program, providing students with valuable insights and effective learning strategies. Their guidance played a crucial role in helping students develop a strong foundation in the language. A total of 260 students got benefitted in French language.

List of students trained in French language:
