(AUTONOMOUS)

Department of Mathematics

Report on *Math Palooza*

The department of Mathematics SVECW & Mathletes club organized an event yesterday (18/09 /2024) titled 'Math Palooza' from 4 pm onwards in B block seminar hall.

This event involved two rounds named 'Bounce and Score Challenge' as preliminary round and 'Number Knockout' as final round.

110 students took part in the preliminary round in 22 teams, each with five members. This round related to math logic questions. To score points, the team members who said the correct answers should place the ball in basket. The team that outperformed the other teams in terms of scoring was chosen for the final round.

Seven teams from the first round moved on to the "Number Knockout" final round. Certain numbers have been assigned specific code words. Participants in this round are expected to play separately. The questions were posed quickly, and within the allotted time, relevant code words should be provided in response. This round is being conducted in slots, with ten competitors in each slot. The winners are the participants who properly answered the most questions compared to the other participants.

The event was coordinated by Dr.P.L.R.Kameswari, Asst. Professor, Dept. of Mathematics , Ms.A.Aparna, Asst.Professor. student coordinators Ms.Ushaof III IT, MsS.Kushalya of III CSE, Ms. Naziya of III IT, Ms. S.Vydehi of II AI &DS-B, Ms.M.Padmini Chowdary. of II ECE-B.

The event ended successfully at around 6:00 pm.
