POLICY OF DISABLED FRIENDLY AND BARRIER FREE ENVIRONMENT

Shri Vishnu Engineering College for Women is committed to create barrier FREE environment by providing user friendly physical accessibility, ICTs enabled information resources and available technologies to persons with disabilities. It also aims to create a culture of access for an inclusive learning and working environment.

The Institution has commitment to provide accessibility for all facilities in campus with numerous supports for people with disabilities. To develop awareness also provide necessary guidance and counselling to differently abled persons

Objectives:

- ✓ To provide special facilities for the differently abled students so as to create equal opportunities to acquire quality education and to bring them into the main stream of the society
- ✓ To develop awareness and provide necessary guidance & counselling to differently abled persons by teacher / peer training and support
- ✓ To create awareness and sensitize the stakeholders towards higher education and opportunities in employment
- ✓ To create a special facility of ramp and hand rails for the differently abled students at all entrances and exits clearly identifiable and easily accessible
- ✓ To make available special toilets / rest rooms for people with disabilities and mount the Mirrors, Flushing arrangements, Dispensers at appropriate heights
- ✓ To make floor surfaces are slip resistant and accommodate wheel chairs
- ✓ Provide lift and ensure Visual and Audible signals indicating the arrival at different floors is available
- ✓ Design and develop assistive devices to the needy people based on their specific requirement through Assistive Technology Lab

At SVECW, all services are available to ensure that individuals with disabilities have an equal opportunity to pursue education and employment by having access to campus programs, activities and services.
