

ENVIRONMENTAL POLICY:: GREEN CAMPUS INITIVES

Shri Vishnu Engineering College for Women is a quality conscious and eco-friendly institute in promoting green initiatives. It protects its own environment with its green campus initiative and keeps pollution free campus. Environment development is its basic work with the educational policies implemented on the campus.

Objectives:

- ✓ To create awareness regarding environmental policy amongst the students and the staff.
- ✓ To declare as plastic free campus and encourages all the stakeholders to use alternatives of plastics
- ✓ To Restrict the entry for vehicles
- ✓ To use the pedestals within the campus
- ✓ To promote renewable energy sources
- ✓ To sensitize the students and staff regarding the use of drinking water properly
- ✓ To bring in use the 'Rain Water Harvesting' on the campus
- ✓ To maximize the use of ICT and minimize the use of paper.
- ✓ To use the solid waste through vermin-compost on the campus and use it as a fertilizer
- ✓ To reduce the 'sound pollution in the campus, built the seating arrangements in the shade of trees in the campus
- ✓ To use 'Use me' Bio-Degradable and Non Bio-Degradable dust bins in the college campus so as to keep college campus clean
- ✓ To promote plantation in and around the campus
- ✓ To setup hazard waste management plants in the campus
- ✓ To maintain green campus, 'Green Audit' is done regularly

Environmental conscious management, administration, faculty and students of the college aware of the environmental policy and look after the environment carefully. The college communicates its environmental policy to all its stakeholders through the induction programme, it is made publicly available via college website and display at prominent places in the campus.
